

**Title:**

**Multi-stakeholder collaboration to optimize the performance improvement process: The elements for success**

**Conference:**

**Alliance - 2019**

**Author(s):**

Suzanne Murray, AXDEV Group Inc.

Jean-Jacques Murama, Eli Lilly

Patrice Lazure, AXDEV Group Inc.

Sophie Peloquin, AXDEV Group Inc.

**Objectives:**

- Describe the key steps to the implementation of a successful multi-stakeholder collaboration in CPD/PI
- Describe the elements for success of impact with Performance Improvement Education interventions emerging from multi-stakeholder collaboration and the benefits to each stakeholder group

**Key Points:**

Collaborative Performance Improvement Education represents a great need in our Healthcare system. They are barriers that require a more rigorous process and interventions. How to mitigate the risks associated with new collaborative models will be presented. This presentation will provide the elements for successful collaboration in CPD/PI.
